<b>PRODUCT INFORMATION</b>	<b>TYPE OF PRODUCT</b>	Carpet & area rugs
	<b>COMPANY NAME</b>	Elizabeth Eakins
	<b>PRODUCT/COLLECTION NAME</b>	Eakins cloth rugs
	<b>DESCRIPTION</b>	Inspired by 17th century rugs originally designed to cover rough or dirt floors, today's Eakins Cloth is an extremely sophisticated choice for heavy foot traffic areas. Coarse Highland wool and a tight weave create a beautiful and extremely durable solution for throw rugs, stair runners, and wall-to-wall carpet. Decorative nail heads make for great detailing. Eakins Cloth is also suitable for upholstery.
<b>MATERIAL FEEDSTOCK</b>	<b>MATERIAL CONTENT</b>	Cotton, Wool, and/ or Linen Rugs
	<b>RECYCLED CONTENT %</b>	None
	<b>RAPIDLY RENEWABLE CONTENT %</b>	None
	<b>HARMFUL ADDITIVES</b>	None
	<b>HARMFUL EMISSIONS</b>	None

<b>MAINTENANCE</b>	<b>AFTER INSTALLATION</b>	Shedding It is not uncommon for new Carpet to shed. Shedding is defined as cut ends of fiber during manufacturing that surface with use. This is normal for staple construction. There is generally no danger of excessive fiber loss. O Care Recommendation: Ensure that you are vacuuming your Empire Carpet frequently to minimize shedding. •Sprouting can be caused by a variety of different elements that have sharp edges, such as a vacuum cleaner, a child's toy, high heels or an animal's nails. These loose ends are known as "sprouts" due to their appearance.

		<p>O Care Recommendation: If the loose ends extend above the rest of the Carpet pile, carefully clip them so that they are even with the pile surface. It is important that you never try to pull out any loose ends because it may cause the Carpet to unravel. After clipping the ends, ensure that you smooth the area with your fingers.</p>
