Cork flooring

09.60.00

2012

PRODUCT INFORMATION	TYPE OF PRODUCT	Cork Floor
	COMPANY NAME	Natural Cork
	PRODUCT/COLLECTION NAME	Wall Tiles, Eco Cork, Parquet Tiles, Square Tiles, Earth Series, Classic Series, New Dimensions
	DESCRIPTION	Healthy choice for flooring. Good insulative properties, both thermal and acoustic, very resilient, impermeable, hypoallergenic, durable and fire retardant.
MATERIAL FEEDSTOCK	MATERIAL CONTENT	Cork - fiberboard – wax or polyurethane finishing – cork underlayment system
	RECYCLED CONTENT %	n/a
	RAPIDLY RENEWABLE CONTENT %	100%
	HARMFUL ADDITIVES	n/a
	HARMFUL EMISSIONS	Naturally does not release any toxic gases on combustion
	EMISSION STRENGTH OVER TIME	n/a
	TREATMENTS	UV Cured acrylic, no organic solvents, no VOCS Microban antimicrobial treatment on some products, suberin (the inherent substance of cork) is naturally insect repellent and antimicrobial, mildew resistant.
MANUFACTURING	MANUFACTURING PROCESS	Manufactured in Portugal
	HARMFUL EMISSIONS	n/a
	LOCATION OF MANUF. PLANT	Portugal
	TESTS/CODES	Various ASTM standards depending upon product
	3RD PARTY CERTIFICATION	n/a
INSTALLATION	INSTALLATION PROCEDURE	Should be carried out by a flooring contractor, or follow manufacturers directions.
	INSTALLATION ADHESIVES	Use Portland based patching compounds is subfloor patching is necessary. Provide Natural Cork contact adhesive, subfloor primer and Protect Coat
	UNIT COST	varies
	LIFE CYCLE ANALYSIS	n/a
	END OF SERVICE LIFE	n/a
MISC. PROPERTIES	QUALITIES/PROPERTIES OF PRODUCT	Stated above
	MISC. COMMENTS	Natural Cork is as flexible and resilient as vinyl
	CONTRIBUTION TO LEED POINTS	MR 6 naturally renewable material
COMPANY PROFILE	GREEN PHILOSOPHY	Natural CORK is environmentally correct as well as improving health and comfort for human indoor living. In our homes, cork floors create a warm, comfortable, resilient surface that is gentle underfoot, is anti-microbial, will not spread flame, and is inherently resistant to molds, mildews, and common pests. From harvest to production to installation, cork is environmentally sustainable, non-toxic, and healthy.
	CONTACT	800-404-2675 1825 Killingsworth Rd. Augusta GA 30904
MAINTENANCE	AFTER INSTALLATION	Sweep, Damp mop, apply thin coats of Protect Coat
