

PRODUCT INFORMATION	TYPE OF PRODUCT	Wood Flooring
	COMPANY NAME	ASI (Architectural Systems, INC)
	PRODUCT/COLLECTION NAME	ASI Flooring
	DESCRIPTION	ASI Hardwood I is an outstanding collection of prefinished flooring offering an elite selection of exotic and FSC certified domestic species categorized into 4 groups (Natural, Rustic, Vintage and Distressed). These hardwoods perform effortlessly in commercial environments evoking feelings of timelessness through aged handcrafted look and rich coloration. Please note that variations in color and texture may occur due to the nature of the material. For updates and complete collection offerings and specifications, please visit www.archsystems.com .
MATERIAL FEEDSTOCK	MATERIAL CONTENT	Low VOC commercial ceramic finish, ultra-violet cured urethane with aluminum oxide and ceramic particle additives for improved wear and gloss retention End grain wood - Birch and Oak Reclaimed woods are cut from lumber reclaimed from riverbeds and are certified recycled timber.
	RECYCLED CONTENT %	None
	RAPIDLY RENEWABLE CONTENT %	Bamboo
	HARMFUL ADDITIVES	ultra-violet cured urethane
	HARMFUL EMISSIONS	Some VOC emissions
	EMISSION STRENGTH OVER TIME	N/A
	TREATMENTS	Hardwood I - Low VOC commercial ceramic finish, ultra-violet cured urethane with aluminum oxide and ceramic particle additives for improved wear and gloss retention - 11 Step UV cured acrylic urethane aluminum oxide incorporating ceramic technology Hardwood II -Anti-scratch, commercial ceramic finish, ultra-violet cured urethane with aluminum oxide and ceramic particle additives for improved wear and gloss retention Bamboo Plank: Pre-finished or unfinished Strand Board: Pre-finished only, industrial acrylic finish standard Commercial ceramic finish, ultra-violet cured urethane with aluminum oxide and ceramic particle additives for improved wear and gloss retention
MANUFACTURING	MANUFACTURING PROCESS	N/A
	HARMFUL EMISSIONS	N/A
	LOCATION OF MANUF. PLANT	Not Specified
	3RD PARTY CERTIFICATION	<ul style="list-style-type: none"> • FSC-Certified wood available upon request • GreenGuard Indoor Air Quality Certified • Responsible Wood Procurement Tier 1 compliant • Cradle to Cradle Silver Certification • CARB compliant LEED®: Can contribute to LEED® MR Credit 7: Certified Wood, MR Credit 5: Regional Materials (within 500 mile radius), ID Credit: Innovation in Design
INSTALLATION	INSTALLATION PROCEDURE	Tile and Groove Installation. Nail fasteners
	INSTALLATION ADHESIVES	None
	UNIT COST	Not Specified
	LIFE CYCLE ANALYSIS	Not Specified

	EXTRACTION	
	END OF SERVICE LIFE	100% Recyclable
MISC. PROPERTIES	QUALITIES/PROPERTIES OF PRODUCT	Very High durability from solid construction
	MISC. COMMENTS	N/A
	CONTRIBUTION TO LEED POINTS	Can contribute to LEED® MR Credit 7: Certified Wood, MR Credit 5: Regional Materials (within 500 mile radius) End of Grain - Can contribute to LEED® MR Credit 3: Resource Reuse, EQ Credit 4: Low-Emitting Materials, MR Credit 5: Regional Materials (within 500 mile radius), MR Credit 7: Certified Wood Bamboo - Can contribute to LEED® MR Credit 6: Rapidly Renewable Materials and EQ Credit 4: Low-Emitting Materials Reclaimed - Can contribute to LEED® MR Credit 3: Resource Reuse, MR Credit 5:Regional Materials (within 500 mile radius), EQ Credit 4: Low-Emitting Materials
COMPANY PROFILE	GREEN PHILOSOPHY	Architectural Systems was one of the first distributors to offer sustainable products, and we are dedicated to sourcing the most on-trend and well-designed eco-friendly materials in all five of our categories. Every "green" collection is indicated by a globe icon in our product catalogue, in print and on USB - or you can visit our easy-to-navigate Sustainable Products online landing page. Our material specialists are also on hand to answer any of your LEED® project-related questions. We are a proud member of US Green Building Council (USGBC); Forest Stewardship Council (FSC), Chain-of-Custody certified; and part of American Forests Global ReLeaf campaign.
