COMPANY PROFILE	GREEN PHILOSOPHY	Mohawk Industries believes that sustainability is an essential business practice in today's global economy. Mohawk's goal is to be a leader in the area of sustainability and environmental responsibility for the industry, the corporation and our stakeholders. We will plan for the future, while accepting the urgency of today. We are committed to the communities where we live and work as well as our other stakeholders. In line with these principles, Mohawk strives to encourage continuous improvement in all areas of environmental stewardship – responsible use of raw materials and natural resources, design processes and operations of all facilities, to reduce the impact of our activities on the environment and our associates.
