COMPANY NAME

MDC Wallcovering

PRODUCT/COLLECTION NAME

Bolta and Genon

DESCRIPTION

Eco-friendly with recycled content wallcovering

MATERIAL FEEDSTOCK

<table>
<thead>
<tr>
<th>MATERIAL CONTENT</th>
<th>Recycled content with fabric backing – nonwoven, 100% spun bonded polyester</th>
</tr>
</thead>
</table>

RECYCLED CONTENT %

30% post consumer recycled content and an average of 10% pre-consumer content

RAPIDLY RENEWABLE CONTENT %

n/a

HARMFUL ADDITIVES

Non-PVC substrate. Printed with water-based inks.
- Does not contain Perfluoro Octanoic Acid (PFOA), nor will it degrade to PFOA.
- Does not contain formaldehyde.
- Cadmium- and mercury-free.
- Low energy manufacturing with innovative water recycling process.

HARMFUL EMISSIONS

Low VOC content

EMISSION STRENGTH OVER TIME

n/a

TREATMENTS

Protective stain resistant top coating.

MANUFACTURING

<table>
<thead>
<tr>
<th>MANUFACTURING PROCESS</th>
<th>RECORE technology is based on a revolutionary construction that uses nano-structures to create an innovative, lightweight, non-PVC substrate.</th>
</tr>
</thead>
</table>

HARMFUL EMISSIONS

Low voc content

LOCATION OF MANUF. PLANT

Columbus, MS

TESTS/CODES

RECORE wallcoverings meet or exceed Class A wallcovering requirements. They carry the NFPA 101 and IBC Class A interior wall and finish rating when tested using ASTM-E84 method on Type X gypsum board and when tested in accordance with NFPA 286

3RD PARTY CERTIFICATION

n/a

INSTALLATION

<table>
<thead>
<tr>
<th>INSTALLATION PROCEDURE</th>
<th>All wallcoverings must be installed by an experienced commercial wallcovering installation professional who understands wallcovering use and installation requirements, including the requirement to test for and eliminate sources of moisture prior to the installation of wallcovering.</th>
</tr>
</thead>
</table>

INSTALLATION ADHESIVES

Use an eco-friendly adhesive if available.

UNIT COST

See representative.

LIFE CYCLE ANALYSIS

|------------|-------------------------------------------------------------------------------------------------------------------|

END OF SERVICE LIFE

Commercial wallcoverings featuring RECORE are 100% post-consumer recyclable. Construction waste as well as post-use material can be returned for recycling as part of the RECORE Reclamation Program.

MAINTENANCE

AFTER INSTALLATION

For best performance, stains should be blotted and removed as soon as possible to limit any reaction between the staining agent and wallcovering.
Ordinary dirt and smudges. A clean, damp sponge with warm water will remove many common smudges and dirt. If the damp sponge fails to clean dirt and smudges, follow instructions for other stains. Do not use harsh cleaning materials, solvents, steel wool abrasive cleaners or methods that could damage wall coverings.
