| PRODUCT INFORMATION | TYPE OF PRODUCT | Upholstery |
| | COMPANY NAME | Maharam |
| | PRODUCT/COLLECTION NAME | Maharam Upholstery Book 4 |
| | DESCRIPTION | Fabric for seating |
| MATERIAL FEEDSTOCK | MATERIAL CONTENT | Rayon Polyester Polyolefin Cotton Solution-Dyed Nylon Wool Nylon Polyurethane Mohair Acrylic Solution-Dyed Acrylic Solution-Dyed Polyester |
| | RECYCLED CONTENT % | Meander 466050 (62% Post Cons. Polyester) Messenger 458640 (78% Post Ind. Polyester) Metric 466014 (51% Post Ind. Polyester) Milestone 403901 (78% Post Ind. Polyester) |
| | RAPIDLY RENEWABLE CONTENT % | Massive Paisley (24% Cotton) Meridian (54% Cotton) Mohair Extreme (100% Mohair) Mohair Panne (100% Mohair) Monk's Wool (96% Wool) Offset (40% Cotton, 24% Wool) Orissa (24% Cotton) |
| | HARMFUL ADDITIVES | None |
| | HARMFUL EMISSIONS | Greenguard certification verifies that chemical and particle emissions fall within acceptable indoor air quality pollutant thresholds for adults. Products are tested for emissions of formaldehyde, volatile organic compounds (VOCs), respirable particles, ozone, and other pollutants using environmental chamber protocols designed to simulate typical indoor environments. |
| | EMISSION STRENGTH OVER TIME | Most are low VOC |
| | TREATMENTS | PFOA-Free Stain Resistant Finish Crypton includes an optimized antimicrobial utilizing silver ion technology. Silver ions naturally disrupt microbe cell metabolism; inhibit microbe respiration; and inhibit cell reproduction. |
| | MANUFACTURING | MANUFACTURING PROCESS |
| | HARMFUL EMISSIONS | Maharam is committed to minimizing the environmental impacts of its business practices. |

| | LOCATION OF MANUF. PLANT | 251 Park Avenue South New York, NY 10010 |
| | TESTS/CODES | Seating: California Bulletin #117; NFPA 260 |
| | 3RD PARTY CERTIFICATION | Green Guard Certification: T10So99122-4 |
| INSTALLATION | INSTALLATION PROCEDURE | Varies with application |
| | INSTALLATION ADHESIVES | None |
| | UNIT COST | <u>Per Yard</u> Marquee: \$28 Massive Paisley: \$165 Meander: \$49 Mechanism: \$70 Median: \$57 Medium: \$26.50 Melange Tweed: \$100 Meridian: \$41 Messenger: \$25 Metric: \$25.50 Milestone: \$24 Minimal: \$47 Mohair Extreme: \$190 Mohair Panne: \$140 Monk's Wool: \$120 Octave: \$55 Offset: \$63 Orissa: \$58 |
| | LIFE CYCLE ANALYSIS EXTRACTION | Life-cycle analysis is a detailed process that evaluates the environmental impact of a textile at each stage of its life cycle. The EU Flower label, independently verified and endorsed by the European Commission, is awarded to products that have undergone a rigorous life-cycle analysis and meet specific ecological criteria. |
| | END OF SERVICE LIFE | Maharam does not make claims that could misrepresent the environmental attributes of its products. At this time, a national infrastructure to collect and process textiles at the end of their useful lives does not exist. For this reason, Maharam does not claim that any of its products are biodegradable or recyclable. Maharam supports industry initiatives to develop these facilities, but until such a system is in place, Maharam's position is to not label its products as either biodegradable or recyclable. Maharam's cardboard packaging materials are readily recyclable. |
| | MISC. PROPERTIES | QUALITIES/PROPERTIES OF PRODUCT |
| | MISC. COMMENTS | Maharam's cardboard packaging materials are readily recyclable. |
| | CONTRIBUTION TO LEED POINTS | LEED CI MR Credit 5 Regional Materials LEED CI IEQ Credit 4.5 Low-Emitting Materials - Systems Furniture and Seating LEED HC MR Credit 5 Furniture and Medical Furnishings |

| <u>COMPANY PROFILE</u> | GREEN PHILOSOPHY | <p>Through ISO 14001, Maharam is committed to minimizing the environmental impacts of its business practices, including, but not limited to:</p> <ul style="list-style-type: none"> • Reduction of energy consumption • Reduction of water consumption • Reduction of paper consumption • Reduction of waste through recycling • Optimization of textile finishes |
| | CONTACT | <p>Celia Yow Greensboro Representative FINANCE MANAGER Office: (336) 855-3500 3202 Watauga Dr Greensboro, NC 27410</p> |
| <u>MAINTENANCE</u> | AFTER INSTALLATION | <p>Vacuum regularly using the proper attachment to avoid pilling. Treat stains promptly. The longer a stain remains on the textile, the more difficult it will be to remove. A professional furniture cleaning service is recommended.</p> <p>Always pre-test any cleaning method in an inconspicuous area. Several light applications of a cleaning agent are less harmful than a single concentrated application. Repeat stain treatment several times if necessary.</p> <p>Never use heat to clean textiles. Heat can set stains.</p> <p>Do not use agents containing bleach. These agents may cause discoloration over time.</p> <p>Do not over saturate the textile or let water pool in seams.</p> |
