	RAPIDLY RENEWABLE CONTENT %	<ul style="list-style-type: none"> • 76 certified as low-emitting • 28 calculated for carbon footprint • 2 third-party certified as climate positive¹ • 51 environmental data sheets • 42 listed for potential LEED point contributions <p>All major product lines for Haworth North America, Asia Pacific and Groupe Lacasse are air-quality certified by GREENGUARD or SCS Indoor Advantage Gold.</p> <ul style="list-style-type: none"> • 4 facilities (In North America) • 88% of our total systems sales are available as FSC (Compose®,

		Places®, Premise®, Race®, UniGroup® and UniGroup Too® <ul style="list-style-type: none"> • 100% of our wood seating sales are available as FSC (Candor®, Composites™, Forenza™, Hello®)2 • 78% of our wood casegoods sales are available as FSC (Masters®, Tripoli™, Vancouver™, Orlando™)
	HARMFUL ADDITIVES	n/a
	HARMFUL EMISSIONS	Eliminate waste and emissions associated with corporate operations and the production of products and services. This includes elimination of all greenhouse gases.
	EMISSION STRENGTH OVER TIME TREATMENTS	n/a Not Specified
MANUFACTURING	MANUFACTURING PROCESS	We believe in life cycle thinking—creating products that embrace Design for the Environment (DfE) strategies. Our products interface and integrate fo more sustainable workspaces. The result is interiors that flex and change with an organization and extend the life cycle of work environments. Content Selection Materials are selected based on recycled content and/or recyclability at the end of useful product life. Materials with an existing infrastructure for recycling and products designed for easy disassembly are more likely to be recycled. We communicate and request our suppliers’ acknowledgement and support of our prioritized list of restricted materials, i.e., materials we want to eliminate over the next five years. Suppliers also receive our rated list of 800+ chemicals. The red/yellow/green rating identifies green (eco-friendly) choices. Wood Certification The Forest Stewardship Council (FSC) Chain of Custody (CoC) certification allows products to be segregated and identified as having come from FSC-certified forests and other controlled sources. Our participation as a CoC holder allows us to offer products made of wood that come from responsibly managed forests. Haworth issued a wood policy in 2008, demonstrating our commitment to eliminate the sourcing of unwanted wood sources. Our current strategy is to develop a supply chain for FSC and FSC controlled wood and increase the number FSC CoC certified manufacturing facilities.
	HARMFUL EMISSIONS	Low VOC
	LOCATION OF MANUF. PLANT	Haworth, Inc. One Haworth Center Holland, MI 49423-9576
	TESTS/CODES	material have met the testing requirements for certifications

MISC. PROPERTIES	QUALITIES/PROPERTIES OF PRODUCT	Enclose is durable and adaptable so it will keep working for you through many years of change LifeSPACE is durable and adaptable so it will keep working for you through many years of change
	MISC. COMMENTS	Haworth Pune teams switched to a new method

		<p>for packaging seating products. Instead of putting a fully assembled chair into a box, seating products are disassembled for shipment. Fewer parts in a box translate to smaller boxes that require less packing materials. Plus, more boxes fit in a shipping container. Fewer shipping containers reduce the number of transport vehicles, which in turn consumes less fuel.</p> <p>Enclose packing materials include cardboard, polyethylene film and wood, all of which are easily recycled in many markets.</p> <p>LifeSPACE ERA packing materials include cardboard, polyethylene film and wood, all of which are easily recycled in many markets.</p>
	CONTRIBUTION TO LEED POINTS	<p>Enclose contributes to the following LEED Certifications: LEED 2009 for Commercial Interiors LEED 2009 for New Construction LEED 2009 for Existing Buildings LEED 2009 for Core and Shell Development</p> <p>LifeSPACE ERA contributes to the following LEED Certifications: LEED 2009 for Commercial Interiors LEED 2009 for New Construction LEED 2009 for Existing Buildings LEED 2009 for Core and Shell Development</p>
COMPANY PROFILE	GREEN PHILOSOPHY	<p>Haworth will be a sustainable corporation. We engage our employees in more sustainable practices; we initiate and use processes that are neutral or improve our environment; and we utilize our resources in ways that create adaptable and sustainable workspace solutions for our customers. We do all of this globally to protect and restore our environment, create economic value, and support and strengthen our communities</p>
