MISC. PROPERTIES	QUALITIES/PROPERTIES OF PRODUCT	At Hèmèra our focus is on quality. Our entire company team is categorical when it comes to design and quality control. The product line is continually reviewed, revised and improved with new and superior production methods systematically incorporated. Our team of highly skilled professionals and craftsmen is dedicated to creating top quality lighting products, quality in design, manufacture, finish and customer service. Furthermore, our products are designed with a certain customer in mind, the customer who understands and demands quality, the customer who knows that purchasing Hèmèra lighting products is a wise decision, an excellent investment.
	MISC. COMMENTS	Because Hèmèra manufactures everything in-house, we have total control over quality, costs, production schedules and inventory. We are not just an assembly plant putting together imported parts, but a quality design and manufacture facility capable of providing customized products to meet specific requirements. Naturally, all of this translates into a clear advantage for our customers.
	CONTRIBUTION TO LEED POINTS	EA Credit 1: optimize energy performance
