PRODUCT	TYPE OF PRODUCT	
INFORMATION		Area & Roadway Lighting
		Quality Lighting - Phillips Lighting Group
	PRODUCT/COLLECTION NAME	Paradigm / Area & Roadway Lighting
		Design Series Paradigm
		Design Series SJ 20/24/29
		Design Series SJH 15/19
		Design Series 125 - 23 Design Series 126 - 23
		Design Series CH -20
		Design Series SL 16/21/27
		Design Series SLY 16/21/27
		Design Series 123 - 20/25
		Design Series 124 - 20/25
		Design Series 129 - 20/25/29
		Design Series 130 - 20/25/29
		Design Series 134 - 20/25
		Design Series 140 - 20/25/29
		Design Series SND - 24
		Design Series SNDY - 24
	DESCRIPTION	Exterior Lighting
MATERIAL FEEDSTOCK	MATERIAL CONTENT	made with - polyester powder coat, electrostatically applied, preceded by
		a five step pre-treatment process including iron phosphate priming stage
		-meets or exceeds all ASTM testing requirements (including 1,000 hour
		salt spray endurance testing)
		heavy gauge aluminum and steel finishes
		anodized aluminum lens
		die cast aluminum
	RECYCLED CONTENT %	Stainless steel is recyclable
	RAPIDLY RENEWABLE CONTENT %	N/A
	HARMFUL ADDITIVES	all metal halide and high pressure sodium lamps
	HARMFUL EMISSIONS	Not Stated
	EMISSION STRENGTH OVER TIME	Not Stated
	TREATMENTS	Finishes:
		Steel – prime, galvanized, bronze paint, black paint, gray paint, silver
		paint, white paint, or customized color paint
MANUFACTURING	MANUFACTURING PROCESS	Aluminum – dark bronze anodize & black anodize Not Specified

COMPANY PROFILE	GREEN PHILOSOPHY	Focused on increasing the energy efficiency of products in addition to
		other environmental improvements since 1994, and in our manufacturing
		activities since 1984 and reduced energy consumption of many products.
		Quality Lighting is a Philips group brand of outdoor lighting products. The
		product line features high efficiency luminaires for area and roadway
		lighting, floodlighting of areas and facades, garage and building-mounted
		fixtures, and a broad range of decorative post-top, accent and pathway
		lighting products.
